

Dear FCC,

I want less not more media consolidation! Who do you think you are to attempt to limit our media choices in such a manner. Will you never have enough power and control. You are not G.O.D. (the Giver of Data) so get your ego's in check and do some serious soul searching about the affects of the latest stunt you are trying to pull!

God gave everyone free will, it is not up to you to limit choices by limiting information by which to make choices.

Deborah R.,
Michigan
